

# A.T. Monitors

A leader in leak detection and level monitoring equipment

## Product Comparison & Selection Chart

Monitors & modules →	5100	6107	6107GS	DM335	RAM1
<b>Main Functions</b>					
Liquid leak detection	●	●	●		
Level detection	●	●	●		
Level indication		●	●	●	
Level monitoring		●	●	●	
Remote alarm indication					●
<b>Monitor Channels Available</b>					
Channels for liquid leak or level detection	12	6	6		
Channels for ATI-5020 probe	(4)		4		
Channels for ATI-5029 level measurement probe	(2)	(1)	1	1	
Total channels available	16	6 (+1)	7	1	1
<b>Alarm Features</b>					
Alarm LED indicator(s)	●	●	●	●	●
Individual alarm relay contact(s) for each channel	●	●	●	●	
Normal or Latching relays (configurable)		●			
Audio alarm (Piezo buzzer)	●	●	●		●
Audio alarm re-activation timer (Acknowledge)	●				
Fail LED indication			●	●	
System Test pushbutton switch and LED indication		●			
Alarm acknowledge pushbutton switch	●	●	●		●
Reset pushbutton switch	●	●			
<b>Power Requirements, Features &amp; Options</b>					
Power supply requirements	120 VAC	12 to 24 VDC	12 to 24 VDC	12VDC	12VDC
Power LED indicator	●	●	●	●	
Easy configuration via DIP switches		●	●		
Low Battery LED indicator	●				
Battery backup option (replacements available)	●				
NEMA-4X (IP66) enclosure		●	●	●	●
Internal heater, thermostat and insulation					●
<b>Other Features &amp; Options</b>					
Latching relay (pump-on/pump-off)			Chan.3		
Locking cover	●				
Connects to N/O relay contacts on monitors					●
<b>Sensors</b>					
ATI-5005 series water detection sensors	●	●	●		
ATI-5007B dual liquid sensor	●	●	●		
ATI-5008 vacuum sensor	●	●	●		
ATI-5010 series float switch sensors	●	●	●		
ATI-5016 series petroleum sensors	●	●	●		
ATI-5025A water detection cable	●	●	●		
ATI-5020 explosion-proof level detection probe	●	●	●		
ATI-5029 explosion-proof level measurement probe		●	●	●	

● = Included  
 ● = Optional  
 (#) = Option
